**UNDERScores SOLID REPUTATION FACILITATES BUSINESS EXPANSION**

(26 September 2012, Hong Kong) – **Technovator International Limited** (“Technovator” or “the Company”, stock code: 1206), a leading provider of building energy management solutions and services, has proposed a change in the company’s Chinese name to “同方泰德國際科技有限公司”. The change of the name is subject to approval of its shareholders at the Company’s extraordinary general meeting scheduled for 22 October 2012. The company’s name in English remains “Technovator International Limited”.

**Mr. Zhao Xiaobo, Executive Director and Chief Executive Officer of Technovator**, commented, “We believe that the change of the Chinese company name will strengthen the Company’s brand image in the PRC market and the Company’s competitiveness in its principal business. We expect that the proposed change will aid in and facilitate our business and therefore we consider that is to be in the interests of the Company and its shareholders as a whole.”

The captioned name has been proposed because “同方泰德” has been widely used in the PRC since the incorporation of the Company, gaining widespread recognition from customers. In addition, the Company believes the proposed name better reflects the strong relationship with its largest shareholder, Tongfang Co., Ltd. (SSE: 600100). Tongfang Co., Ltd. was established under the umbrella of the prestigious world-renowned Tsinghua University and was listed on the Shanghai Stock Exchange.

The Company expects the proposed identity will bolster its future business development by attracting more attention to its accomplishments in the marketplace, advancing the Company’s business to the next level while also riding on its solid reputation and leading position in the PRC market.
